ARE FACING A COAL SHORTAGE

(ASSOCIATED PRESS TELEGRAM)
Indianapolis, Ind., Aug. 30.—An order directing officials of the Pennsylvania Railroad lines to give preference to coal shipments to the northwest over all other fuel shipments, issued yesterday by Judge Robert S. Lovett, United States director of coal transportation, caused E. I. Lewis, chairman of the Indiana public service commission, to declare that coal consumers in what is known as the central competitive bituminous district, are facing a serious coal shortage.

Indiana coal operators who were refused cars and to whom it was explained yesterday, according to Lewis, that all cars had been ordered diverted to the northwest, have sent a committee to Chicago to negotiate with railroad officials for the Pennsylvania lines for coal cars.

TROOPS OCCUPY BUILDINGS.

(ASSOCIATED PRESS TELEGRAM)
Helsingfors, Finland, Wednesday, Aug. 29.—Russian troops occupied the parliament buildings at an early hour today to prevent the reassembling of the diet in defiance of the decision of the Russian government. The city is calm. The Helsingfors council of workmen and soldiers' deputies has ordered the crews of warships to return to their vessels.

AMERICAN SCHOONER VICTIM OF U-BOAT

(ASSOCIATED PRESS TELEGRAM)
London, Aug. 30.—The American schooner, Laura C. Anderson, was sunk by bombs from a submarine on Thursday. All the members of the crew were picked up and landed at an English port.

The Laura C. Anderson was a four-master of 960 tons gross. She was built in 1891 at Bath, Me. and was owned in Philadelphia.

SELECTED AS INDEPENDENT CANDIDATE FOR MAYOR OF NEWARK.

Backed By Organization of Citizens Will Make Race at the November Election.

Several meetings of business, professional and labor men have been held since the late municipal primary of August 14, and last evening it was decided to place an independent candidate for mayor of Newark in the field and R. C. Van Voorhis, known to his friends as "Clay," was selected as such candidate. Petitions will be circulated for the required number of signatures necessary to place his name upon the ballot at the November election.

Mr. Van Voorhis was out of the city today but it is announced that he will accept the nomination as an independent candidate and will be backed by an organization now in the course of formation.

The newest candidate for mayor is 33 years of age and resides with his wife in West Church street. He is a son of Mr. and Mrs. Samuel E. Van Voorhis of West Main street, and is vice president and treasurer of The Universal Supply Company, dealers in wholesale plumbing supplies. He is a graduate of the Newark High school and Denison University.

CONTEST OVER THE McLEAN MILLIONS WAS ENDED TODAY

Washington, Aug. 30.—The legal contest over the will of the late John R. McLean, millionaire newspaper publisher of Washington and Cincinnati, was ended today when the legal courts granted the petition of Edward B. McLean, his only son, that he be appointed one of the executors of the estate. The trust company, named as executor by the testator, did not oppose the application.

The caveat filed by Edward B. McLean, opposing probate of his father's will was withdrawn at the same time as was an agreement proposed to the court, for a settlement of the contest without legal proceedings.

The court's decree means that Mr. McLean will receive practically the entire income from his father's large estate. F. T. Homer of Baltimore and New York, named in the will as an adviser to the trustees will not be affected by the decree.

The court retains jurisdiction of the case and will advise with the trustees should the latter wish to do so.

Suit to set aside the will, now abandoned, was brought on the grounds that the late Mr. McLean was mentally incompetent to make his will and was subject to undue influences. The points of attack were on the trusts and restrictions created by the testator which by today's decree remain as he drew them.

ENDEAVORING TO REACH AGREEMENT ON WHEAT PRICE

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 30.—The wheat price-fixing committee carried its deliberation into the third day in an effort to reach an agreement on a fair valuation for the 1917 crop. Decision on the question was expected before the close of the day's session.

The committee's conclusion immediately will be transmitted to the White House and the price announced by President Wilson.

SCHOOL BOYS PAID FOR ARMY CONTRACTS

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Aug. 30.—Probably the first payment ever made by the United States government to school boys for army contracts was recorded today when a war department check was received here to pay high school students for the manufacture of tent-pens supplied several weeks ago.

FRENCH REPULSE GERMAN DRIVES EAST OF TETON

Temporary Deadlock Reported Along the French Lines This Morning

ARTILLERY FIGHTING IN VERDUN REGION ACTIVE

Italians Hold All Positions and Gain Ground at Some Points

(ASSOCIATED PRESS TELEGRAM)
New York, Aug. 30.—Military operations on the Franco-Belgian front continue to be of a minor nature only, in contrast with the stirring activities of last week at Verdun and in Flanders.

Today's official report from Paris shows the situation along the French lines to be one of temporary deadlock with nothing more important taking place than artillery combats, trench raids and infantry operations of a local significance. In the last class were two German attacks last night in the Champagne region east of Teton, which the French repulsed and similar attempts of the Germans to push back French posts in the Verdun region north of Vaux-Les-Palameux and penetrate the lines north of Courrières wood. All these were completely checked, as was a German thrust in the Aisne region near Chevreux.

There was active artillery fighting in the Verdun region and similar spirited activity at points in the Aisne sector.

Although there was a slight increase in the number of British vessels sunk last week, as shown by last night's report from London, French shipping suffered less from submarine attacks than in the preceding week. The French losses totaled four vessels, as compared with nine last week ending August 9. The sinking by a submarine of an American vessel, the schooner Laura C. Anderson is reported today. The crew was saved.

Rome today reports the repulse of Austrian counter attacks in the Isonzo region. The Italians held all positions firmly and even gained ground at points. They took 560 prisoners.

GAS SHELLS ARE BEING EMPLOYED.

(ASSOCIATED PRESS TELEGRAM)
Paris, Aug. 30.—The number of artillerymen employed in the recent operations in the Verdun region was greater than the number of infantrymen put into the battle line. This surprising fact is explained by the correspondent of the Temps at Verdun as being due to the difficulty of the gunners tasks in addition to the immense number of cannon. Heavy shells had to be carried to the guns for hours at a stretch by men who were compelled to wear masks which rendered breathing difficult and obstructed their vision.

The correspondent adds that the object of the artillery now is less than to forcing the German gunners to suspend service and seek shelter. For this purpose, he said, gas shells are employed largely.

AUSTRIANS DRIVEN BACK.

(ASSOCIATED PRESS TELEGRAM)
Rome, Aug. 30.—Austrian counter-attacks in force were made yesterday against the new Italian positions on the front above Gorizia, the war office reports. Everywhere the Austrians were driven back and at some points the Italians made further gains.

VALUABLE TIMBER IS THREATENED BY THE FOREST FIRES

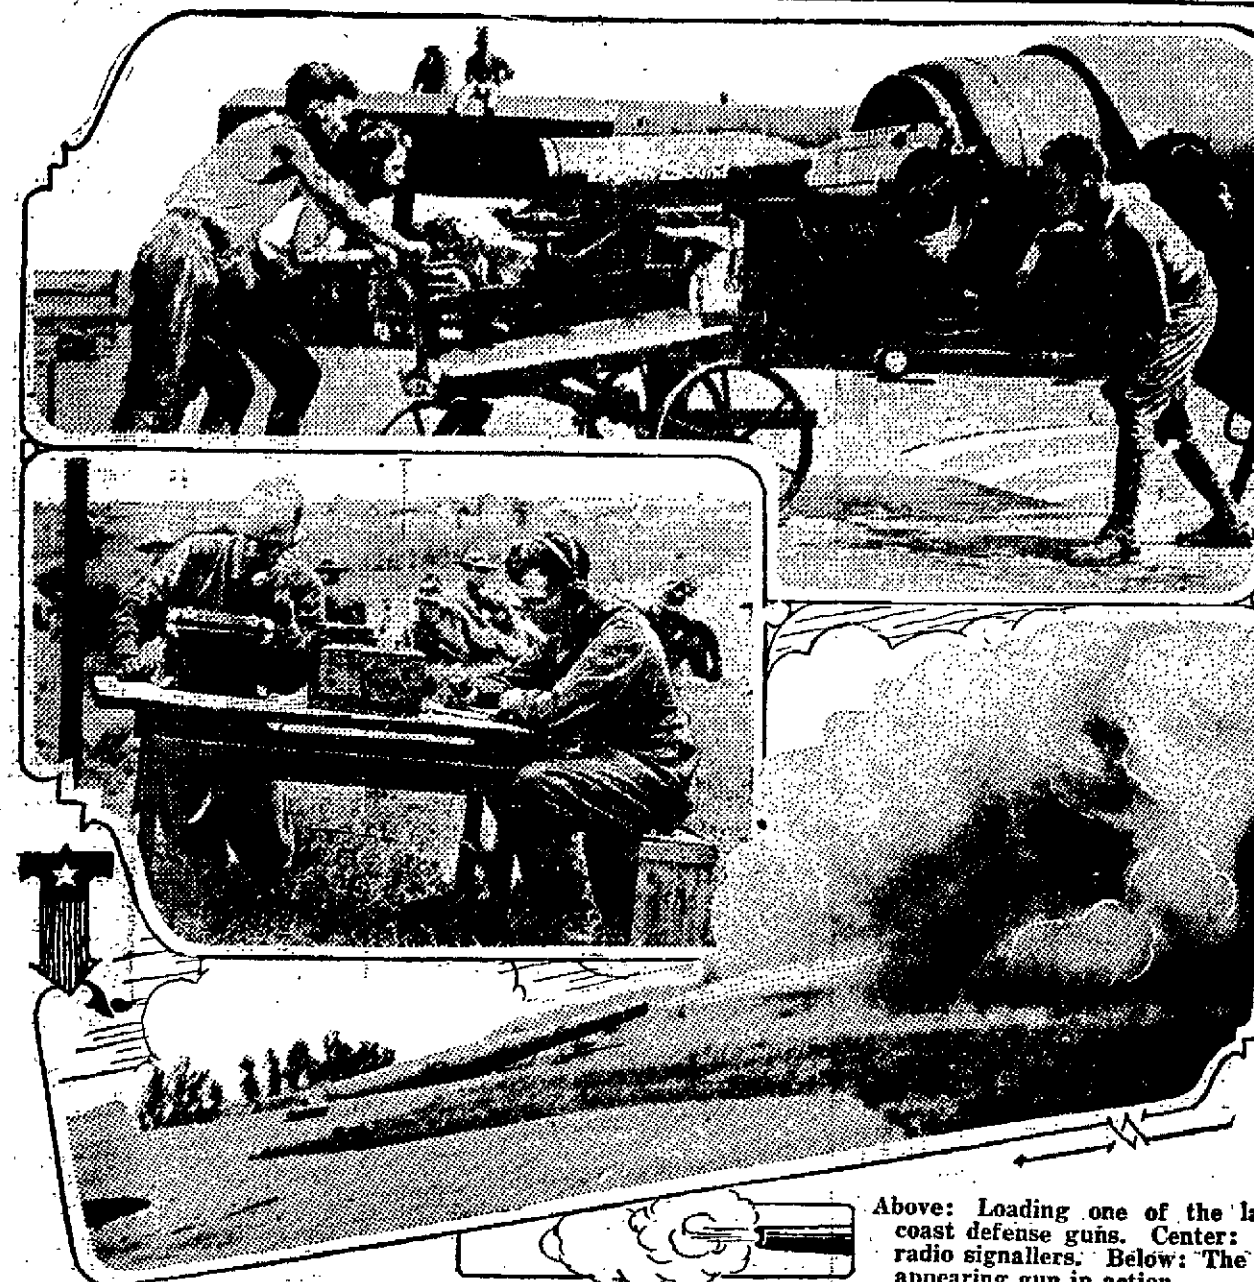

(ASSOCIATED PRESS TELEGRAM)
Missoula, Mont., Aug. 30.—Destruction of a stand of 7,000,000 feet of timber valued at many thousands of dollars is threatened today by a forest fire on the lower south fork of the Flathead river. Several crews of fire fighters have been sent to the scene in an effort to keep the flames from spreading into that region.

With fires ranging in the district about Deep creek, Doris creek and Pioneer ridge, this stand of timber is menaced from two sides and several hundred fire fighters are building lines and back firing to keep the flames from spreading to the south. The forest endangered is among the largest in the state and is estimated by forest service men to be the most valuable owing to its proximity to the navigable Flathead river and because of the unusually large trees.

TOOK 30 GERMANS SINGLE HANDED

(ASSOCIATED PRESS TELEGRAM)
Paris, Aug. 29.—Allen, son of Richard Blount of St. Louis, who joined the foreign legion in April, has written to his father that he has been prepared for the war with palm for taking 30 prisoners single handed in the fighting at Verdun. He was wounded slightly in the hand.

COAST SENTINELS ARE ALWAYS READY FOR TROUBLE

Daily practice and drill keeps Uncle Sam's huge coast sentinels in constant preparation for any trouble that may come along. The huge disappearing guns are in ready trim and a recent photograph shows the artillerymen loading a half-ton shell, labeled "Berlin bound" into a coast gun as a possible greeting to the Kaiser. The radio-signallers receive the observations of aviators hovering over the enemy and send them on to the "plotting room" of the fort. The portable radio outfit can be set up in less than a minute. The giant disappearing guns send a shell on its way at the rate of two miles a second and then withdraw from sight.

NEW YORK BIDS FAREWELL TODAY TO 25,000 SOLDIERS

(ASSOCIATED PRESS TELEGRAM)
New York, Aug. 30.—The spectacle of 25,000 fighting men marching down Fifth avenue, New York's troops for democracy's battle line in France, stirred this great city to the depths today.

Pride, patriotic fervor and the emotions that go with farewells to a soldier, seemed to grip with a common intensity the two millions of people who watched the rank upon rank of khaki swing by.

The troops, New York State's former national guard, now the 27th division of the United States army, marched before leaving for their preliminary training at Spartanburg, S. C., so that the city might give them a "send off" worthy of their ultimate mission.

Many of them were veterans of the Mexican border, most of them tanned from summer encampments, well equipped, trim, alert, determined looking, the soldiers called for cheers that were almost continuous for the more than six hours that it took the division to march from 110th street to Washington square.

Unless it may be the unpublished number already in France, this division formed the largest number of American troops mobilized since the United States entered the war.

"Only a drop in a great bucket," exclaimed a British army officer in the reviewing stand; "but that long, confident American stride! I wish the Kaiser could see it—and this wonderful demonstration."

Fifth avenue, scene of many historic parades, never before was so packed with humanity as today. For five miles two solid lines of people were banded eight and ten deep against shop windows and houses, bulging a half block at every cross street and held from overflowing into the line of march by a thin, but efficient cordon of police.

The thoroughfare itself was ablaze with Stars and Stripes and flags of the allies while every spectator, it seemed, carried a flag or wore a patriotic emblem.

Regimental bands with their martial music stirred the crowds frequently into tremendous enthusiasm, but the soldiers met these outbursts with well disciplined smiles. The men seemed to feel the undying significance of what they were marching for.

The Twenty Second engineers, led by Colonel Cornelius Vanderbilt left immediately for the training camp at Spartanburg. As they passed the grandstand at Forty second street and Fifth avenue, they were showered with bouquets by women. Governor Whitman, Mayor Thomas, Theodore Roosevelt, Lord Northcliffe, Major General Bell, Major Fisher and other navy, Rear Admiral Fisher and other navy officers, the members of the People's Council of America in the exercise of their constitutional rights of peaceful assembly and free speech and to prevent violence or mob action" in the event that members of the organization held their convention in Fargo.

The governor's instructions to the attorney general said the convention if held in Fargo will be under the eye of the federal authorities and if anything treasonable, seditious or libelous developed, it will be promptly and properly handled.

WILL REPLACE SHIPS LOST BY SUBMARINES

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 30.—The first of the British government's standardized merchant steamers to replace tonnage lost through submarines, it is announced, has been commissioned after completing most successful trials. The keel was laid down in February and the hull was launched in June. It is understood that six different types of vessels, carrying a size from 3,000 tons downward, are being built. Many hundreds of such ships will be constructed.

ATTEMPT MADE TO WRECK STOREHOUSE FILLED WITH GRAIN

(ASSOCIATED PRESS TELEGRAM)
Columbus, Aug. 30.—Investigators of the state fire marshal's office were in Guernsey county today investigating an alleged attempt to blow up a large grain store house owned by F. H. Nicholson, near Cambridge.

State Fire Marshal Fleming announced today that an internal machine, with an alarm clock attachment was found in the grain house last Friday before it had exploded. Efforts are being made to determine why it was desired to blow up the elevator. The investigators have not yet made their report and it is not known whether to attribute the action to a German plot, personal animosity or Mr. Nicholson's activities in the state wide wet and dry fight.

CONVENTION WILL BE HELD UNDER EYE OF FEDERAL AUTHORITIES

(ASSOCIATED PRESS TELEGRAM)
Bismarck, N. D., Aug. 30.—In accordance with instructions from Governor Langer, Attorney General William Langer is on his way to Fargo today to "take any steps necessary to protect the members of the People's Council of America in the exercise of their constitutional rights of peaceful assembly and free speech and to prevent violence or mob action" in the event that members of the organization held their convention in Fargo.

The governor's instructions to the attorney general said the convention if held in Fargo will be under the eye of the federal authorities and if anything treasonable, seditious or libelous developed, it will be promptly and properly handled.

DAMAGE REPORTED AT LOUISVILLE BY HEAVY RAIN STORM

(ASSOCIATED PRESS TELEGRAM)
Louisville, Ky., Aug. 30.—Property in this city last night sustained damage totaling \$150,000 in a rain-storm which approached a cloud-burst. The downpour and damage were confined to the central business district.

Street car traffic was suspended for nearly an hour in the shopping section, which prevented hundreds from reaching their homes in the residential districts of the city.

FORMER SENATOR SHOT BY YOUTE

(ASSOCIATED PRESS TELEGRAM)
Paris, Aug. 30.—The Lyons police have arrested Raymond Robillot 17 years old, on the charge of having attacked O. L. McEllan, former Louisiana senator, who was shot at Lyons on Tuesday.

Under the pretext of showing Mr. McEllan about Lyons, he took him to a lonely spot. The figure says, demanding money, and meeting with a refusal, fired six shots. Mr. McEllan's condition is serious.

FIRE INJURES MANY.

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Aug. 30.—Many persons were injured in a fire which broke out in the city of Kazan, on the Kazanka river, 430 miles east of Moscow on Monday. The flames spread rapidly and caused much destruction. Martial law has been proclaimed.

LOYALTY TO OUR LEADER NEEDED SAYS GOVERNOR

In Address Delivered Before Record State Fair Crowd Today

DEFENDS PART AMERICA WILL PLAY IN THE WAR

What We Contribute to World Civilization is Not Lost to Next Generation

(ASSOCIATED PRESS TELEGRAM)
Columbus, Aug. 30.—"We must all pull together, dismiss differences of opinion as to policy, adopt the spirit of the soldier and give loyalty to our leader," declared Governor Cox in an address before the greatest state fair crowd in the history of the exposition this afternoon.

"Summer has its problems but winter will bring more," he said. "Those who have things to sell are a little apt to endorse war prices. Those who buy more than they sell will doubtless inveigh against them. That's human nature and in the ebb and flow of time we find human impulses are about the same as when Shakespeare portrayed them."

The governor in a measure defended the part of America in the war when he said that while some may contend that at the present the benefits will fall more immediately on the oppressed beyond the seas, "we must realize that what we contribute to the civilization of the world will not be lost to the next generation. The generations past and gone did much for us and if the present exactly what we do that will help those to come after us, we cannot in self respect, fail to meet our duty."

"Democracy is not an idle phrase," said the governor. "The experience of America has been an example to others, and while our republic was born less than 200 years ago its fruits have been carried to all the world. If liberty had not been sought by our fathers, their achievement would not have given spur to other races and peoples. Those who are against a democracy are against a purpose in mind that democracy does not conserve, and yet course of its refinement and its mission has not been a happy one."

"Russia made her effort. Her domain covers one-sixth of the globe and unfortunately she has not in the past engaged the institutions which have made education widespread. It will take time to work it out. It will require the co-operation of a better civilization and if we admit our service we are not only doing unto others as we would have them do unto us, but we are making democracy safe. In so doing, we are giving evidence of a spirit of unselfishness which shows that we are interested in the things that are to come after we are gone."

"The thing for us to do is to reflect upon the necessity and humanity to sacrifice. I would be sorry indeed for any citizen of Ohio who might feel, when war ends, that he has not made some sacrifice."

ACCURATE AIM OF GUNNER SMASHES SUB'S PERISCOPE

(ASSOCIATED PRESS TELEGRAM)
Portland, Ore., Aug. 30.—How a steamer carrying a unit of the American Medical corps to Europe for service smashed the periscope of a submarine with her guns and averted her own destruction is told in a letter received here today by Dr. J. W. Morrow from his son, Dr. Earl Morrow.

"It was just after breakfast and was standing at," writes Dr. Morrow. "I suddenly saw a periscope emerge 300 yards astern. Before I could shoot a warning our chief gunner had espied the periscope and opened fire. His first shot struck and smashed it to pieces. It sank and we did not see it or the submarine again."

A GOOD SUGGESTION.

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 30.—Officials of the national committee of patriotic and defense societies, in a statement issued today, urge that the last surplus of American money ordinarily devoted to the purchase of Christmas gifts be used this year to relieve the sick and wounded soldiers in France and to rehabilitate devastated French villages and to support war orphans and cripples.

WILL PREVENT LANDING.

(ASSOCIATED PRESS TELEGRAM)
Melbourne, Australia, Aug. 29.—Delayed—Questioned in parliament today concerning a report that James Larkin, head of the Transport Workers Union in England, and well known as a strike leader, is on his way to Australia, Premier Hughes said instructions had been given to prevent the landing of Larkin anywhere in Australia.

REPORT POLISH STATE COUNCIL HAS RESIGNED

(Associated Press Telegram)
Copenhagen, Aug. 30.—The Berlin Lokai Anzeiger reports that the entire Polish council of state has resigned. The great underlying cause responsible for the council's decision to abandon its attempt to organize a government under the proposed German protectorate is the change in the Polish attitude resulting from the Russian revolution, according to this newspaper.

The direct reason to be sought, however, are in the great hesitation and delay of the Austro-German powers in entrusting to the Polish authorities the conflict over the Polish army, in which the Germans wish to incorporate their own forces and the German determination to exclude Lithuania from the new kingdom. The Poles insist that the kingdom be proclaimed and have telegraphed Emperor William asking that Vilna be included in the protectorate.

The German main reichstag committee has put its seal upon the government's decision by unanimously approving its plans for separate administration in Lithuania and Courland.

POOR TIRED FEET.
Up and down on your feet all day long, so nightfall finds you all tired out and irritable. All unnecessary if you would but stop a minute and have your shoes soled and heeled with Neolon or Vultex. It's wonderful how much more comfortable it is to wear shoes with these new substitutes for leather. Take that old pair of shoes to Wm. Fishbaugh & Son and have them repaired as they can do and just see what comfort you have been missing, and the cost isn't much either, and they will last two or three times as long as leather. That is economy. Remember, 57 Hudson avenue.

POTATOES WILL BE FURNISHED PEOPLE FIRST COST PRICE

(Associated Press Telegram)
Chicago, Aug. 30.—Plans for purchasing and storing in Chicago one million bushels of potatoes, for use after January 1 next, were started today by the middlewestern section of the national food administration. The potatoes are to be sold to consumers at cost, the price to be fixed after all expenses, including interest on the capital required to finance the deal have been determined.

According to the plans, the working capital for starting the project will be advanced in the form of a loan by the city of Chicago, the sum necessary to make the first purchase and to pay freight, being estimated at \$200,000.

BONDS SELL RAPIDLY.
You should see to it while you are young that you save your money and invest it in good bonds. It will be a source of joy for you in later years when you may become incapacitated by sickness. There is no investment so good as municipal bonds. They are safe and return a good interest rate. Especially is this true of the municipal bonds sold by D. H. Pigg, 703 Trust building, who represents The Security Municipal Bond Co. A call on the Automatic phone—1261—will secure an appointment with Mr. Pigg, who will gladly explain how you can secure some of these bonds.

Granville

(Special to Advocate.)

Granville, Aug. 30.—The absence from town of Mrs. Robert Biggs, chairman, and Mrs. Frank Ray, vice chairman of the A. F. W. did not materially interfere with the day's output of work, as two more large boxes are ready to pack. Among the hundreds of articles for both civilian and hospital needs were counted 175 comfort pillows and about 36 comfort bags. Scores of children's new dresses, and piles of made over clothing for women and children in the devastated districts of France, are to be in this shipment. Many new workers have enlisted and it is hoped that before snow flies, most of the Granville women will be engaged in either the A. F. W. or the Red Cross branch of home service. There is work to suit all comers, and although the workers are all too busy to show the cordiality they feel toward the new comer, she is warmly welcome and should feel herself as much at home as the oldest member.

The secretary, Mrs. Fred McColgan, presided at a brief business meeting, and the treasurer, Mrs. Ira Perry, reported over \$100 on hand. Mrs. J. D. Thompson reported that there was as yet no yarn for the knitters. Mrs. John Geach reported the shipment of a large box of hospital supplies last Friday, containing among other articles, 57 comfort pillows, 57 comfort bags, 25 pajama suits, hospital shirts, bandages, dressings, bed pads, sponges, etc., and that two more boxes will go this week.

Mrs. Case for the press and publicity committee reported an interesting visit to the Newark A. F. W. rooms on Tuesday. She gave a glowing account of the work and the workers there, the pleasant quarters and the superior quality of the supplies being shipped under direction of Mrs. Fred Wright and Mrs. E. C. Wright.

Mrs. August Odebrecht, for the ways and means committee, reported that the date for the next luncheon is Wednesday, Sept. 5 at the home of Mr. and Mrs. C. B. Slack. Hostesses will be: Mrs. W. E. Clemons, Mrs. R. S. Wright, Mrs. T. M. Kier, Mrs. Lillie Prouty, Mrs. S. T. Bawden, Mrs. W. H. Johnson, Mrs. Younglove, Mrs. L. N. Flory, Mrs. C. F. Wright, Mrs. Clark W. Chamberlain, Mrs. Darrow, Mrs. Anna Campbell.

Mrs. Lloyd, Mrs. Whitehead and Mrs. Laycock, representing the Alexandria branch of the A. F. W. visited headquarters here Tuesday afternoon, and were interested in the great stacks of supplies ready for packing.

Just before closing the rooms, a consignment of twelve bed pads and as many comfort pillows was sent in from the workers in the Hayes district, south of town.

A delightfully planned bridal "shower" was given by Mrs. J. W. Rohrer at her home in South Mulberry street, honoring Miss Anna Barrett, whose approaching marriage to Mr. Oscar Ellison of La Murre, N. D., has been announced.

A delicious two-course luncheon was served to the thirty guests by the young daughters of the hostess and a few of their friends. The time was agreeably passed with music and in playing old fashioned kitchen games.

Miss Annette Ward of New York City, at one time a resident of Granville, is the guest of Mrs. J. D. Thompson this week.

Miss Bernice Brown and Elizabeth Evans are spending a few days in Mt. Vernon visiting friends.

Mr. and Mrs. Edward M. Jones, who has been visiting at "Monomy Place" in West Broadway this summer, expect to leave for their home in Lucasville today.

Prof. and Mrs. Orley See, en route from Pennsylvania to California, who spent the week-end at the home of Postmaster and Mrs. John Geach, have left for Sacramento where Mr. See has taken over the studio of a successful violinist.

Miss Mame Geach has had as house guest for a few days Miss Lilian Stauch of Birmingham, Mich., who has just left for her home.

Miss Anna Lyon was called to Newark by the death of her brother-in-law, Mr. J. B. Burch, this morning. The funeral will be held at the family residence, 24 Elizabeth street, Saturday afternoon. Burial in Maple Grove, Granville.

The ladies of North street are hostesses this afternoon at the monthly meeting of the Ladies Aid society of the Presbyterian church, which have proved so successful. Refreshments are peaches and cream with cake.

Charles Reitz, assistant to the postmaster, who has spent the past week in Cleveland with relatives, has returned. He was accompanied by his mother, Mrs. B. C. Belt and his sisters Mrs. Kenneth Hall of Newark and Harriet Belt, having made the trip in a motor.

Mr. and Mrs. L. H. Cammack of Huntington, W. Va., motored through Granville today, en route to Pennsylvania, stopping at the home of their father, Mr. Hiram LeFlore.

Dr. C. L. Williams returned last night to his home in Elm street, very much improved in health.

Dr. S. J. Lewis, wife, two sons, David and Burdette, and daughter Ruth motored from Columbus City, Iowa, to Granville and are visiting Mr. Lewis' brother, Professor T. A. Lewis, head of the educational department in Denison University. The trip was made in exactly three days.

A PURE TONE.
It is the tone that makes the music. Have you ever thought about the tone of a piano? It is the important feature of a good piano, and it is the distinguishing feature of the Jesse French & Sons Piano. A pure tone, so if you would exercise the care your better judgment tells you, you would surely purchase one of these fine pianos or player pianos.

A pure tone will help develop the training of the child. You want your child to have the best training possible, then you should secure the best instrument, and you won't go wrong if you get a Jesse French & Sons Piano of P. J. Fairall, 3 North Fourth street.

Fifty-eight per clock-tick

Every time the clock ticks, fifty-eight Fatimas are lighted somewhere in the United States. No other high-grade cigarette has so many unchanging, unswerving friends.

This shows that men do appreciate cigarette comfort.

For comfort is perhaps the chief reason for Fatima's big popularity—comfort while you smoke, and better yet, after you smoke, even though you may smoke the whole day through.

The Fatima Turkish blend is so carefully balanced that it has none of the after-effects of heavier, less skilfully blended tobaccos. That's why Fatimas are comfortable (hence, sensible)—as your first package will prove.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy, Stomach and Acid Indigestion

Doubtless if you are a sufferer from indigestion, you have already tried peppin, bicarbon, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Advertisement.

Get Them Sharpened Here.

FREE during week beginning Aug. 27, 1917

This is sharpening week for every home. We want our customers to bring a dull pair of shears, kitchen knife or any piece of household cutlery, and we will sharpen it free of charge. No sharpening done for children or servants. We do this to demonstrate the simplicity and effectiveness of the

Luther Household Grinder

Equip your home with one and insure at all times sharp shears, scissors, knives, and all pieces of household cutlery. Easy to operate—anybody can do it—no danger. It is simplicity itself. It sharpens quickly, easily and mechanically. Can be quickly attached to table, shelf or bench. Stands six inches high. Price \$1.69.

Vise Free With Every Grinder During Demonstration
Every home should have this vise—handy and convenient. Impossible for jaws to become sprung or out of alignment. Considerably stronger than would seem necessary for its size. The boy of the house will especially appreciate it, but it is just the thing for every home.

Hardware Supplies

Hardware for the home, barn, garage, office or factory can be supplied here at saving in money. Hand, foot and engine power grinders for farms, carpenters, mechanics and garage use, will also be on sale during Special Sharpening Week. Come and look them over. Tell all your friends to come also.

During this week of Special Sale we will give One Free Vise with every Luther Household Grinder.

THE IDLERS.

There are various classes of idlers. There are the vagrants who decorate park benches and steal rides on freight trains. Any such who have lingering aspirations for work have abundant opportunity. The rest are hopeless.

Another class of idlers, of little more use to the country, are the sons of wealth that abound in fashionable clubs. The state of Maryland has now a compulsory work law and is getting after such fellows. Many of them, to comply with the law have taken soft jobs like bond salesmen, but it is not reported that the bond market has been much stirred by their advent.

This class of men looms up large in the society papers, but its numerical size may not correspond with the prominence it gets. The great majority of rich men like to keep in the money-making game. If they have a million, they want two millions, and they keep plugging. If they are engaged in a productive business, they give useful service to the country.

There are always some rich men's sons and holders of inherited property who never yet did a stroke of bread-winning work. They contracted easy-going ways during luxurious college courses. After graduation their fathers found them more bohemian in their offices than they were worth. They drift around from summer resorts to winter resorts, cultivating harmless fads, and returning nothing to the world for bounties received.

In England and France this class of men is patriotic and has gone into army or supply service. These men are usually good at athletics, and would be useful in the army. If able-bodied, they should enlist, and they would find more pleasure in active service than they ever did in idleness. Life would have new zest for them. Idlers at this time should be ashamed of their easy life, and should either fight or raise food.

WAR AND FEET.

The importance which military service places on a good condition of the feet comes as a new idea to many people. Many young men have been rejected for poor feet, and one of the tasks of camp life is to improve foot condition.

Up to a few years ago few people gave the least thought to the care of their feet. The thought narrow-toed or high-heeled shoes having no relation to the shape of the foot, and sure to produce corns and broken arches.

Ability to walk easily and freely makes a big difference both in business success and comfort. Style designers should reflect that army service is going to popularize broad-toed shoes with millions of young men. Fellows that formerly used slippers to take the patterns that were supposed to be stylish, will come home with an appreciation of the comfort of sensible shoes. The fopish pointed toes will not be so popular from now on.

NEW PENSIONS.

The United States must soon adopt a pension system for soldiers of the European war. The suggestion is received with some favor that the government should assume a certain liability similar to the principle of workmen's compensation, and pay over given amounts for death and disability.

The way Civil War pensions have been handled is generally admitted to have been a disgrace. The majority of the people favored liberal pension laws. It is not likely that the people would ever have sanctioned giving pensions to a lot of the deserters and bounty-jumpers who are getting them.

Also, men who served but a few weeks and never saw the front, are in a wholly different class from

those who had actual war experience, and should be so treated. Another extravagance is in the case of women who married veterans long after the war was over. In a great many cases this was done because the veterans looked good for but a few years. It was an easy way of getting money out of an easy-mark government.

The majority of our people have not begrudged the money that has gone to the old soldiers and they wish it was more. They do begrudge pensions shipped in by personal favoritism. About 30,000 pensions have been secured through special acts of congress. The law is liberal, and when special act pensions are passed, it means that men who under the principles laid down by congress are not entitled to them, have been able to get them through friendship or pull.

In the new pension system, congress should lay down certain principles that certain men are entitled to pensions for death or injuries or ill health, due to service. These pensions should be liberal, but there should be no special favors.

In view of the fact that the boys from Georgia will fight just as well as any others for Uncle Sam this time, "Marching through Georgia" does not seem a wholly appropriate air to play at the training camps."

The people who try to cheer up the soldiers by remarking on the government order placed for coffins, might reflect that it also takes a good many of them to run the country even in times of peace.

Now if the pacifists will go down and hide in the cyclone cellar where they belong, instead of prolonging the war by their talk, it ought to be possible to end up the trouble within a reasonable time.

It looks as if the poultry growers, after killing off all their chickens, would awake some fine morning to find feed selling at a reasonable price and eggs \$1.00 a dozen.

Some of these draft evaders really ought to serve about a fortnight in some comfortable camp so that they would have a clear case for a pension about 25 years from now.

Weeping mothers don't always realize that their sons who have enlisted so heroically are quite as safe in the trenches as among their sporting friends.

Most of the automobile owners are willing to co-operate with the "gas" saving campaign by declining to drive their wives around for their shopping.

There may not be any economic boycott after the war, but it is doubtful if it helps the sale of goods any longer to mark them "Made in Germany."

Some men demonstrate that they are heading the appeals to realize the seriousness of the situation, by the tricks they work to escape the draft.

The I. W. W. are gifted with such pronounced scrapping abilities that it would seem the only fair way to draft the entire bunch into the army.

You can hire domestic servants at present if there isn't more than one in the family, and if they don't have to work more than an hour a day.

Fortunately those startlingly colored things the girls are knitting for the Sammies will get toned down in about three days by trench mud.

According to the various conflicting accounts, it is evident that all the Austrians will soon be prisoners of the Italians, and all the Italians will be prisoners of the Austrians.

The farmers can't raise enough food because labor costs so high, and labor costs so high because the farmers can't raise enough food.

With meat going still higher the boarders will look back remorsefully on those happy days when they spoke disrespectfully of Mash.

The farmer usually observes Labor Day by laboring all day to raise food for the rest of us, but no one gives him any credit for it.

Some men are apparently going to escape the dangers of the trenches by worrying themselves to death before they get to them.

It is not reported that any young men within the East who are opposing the proposition that Mr. Hoover limit candy consumption.

The Russians are taking a mighty left handed way of getting the help they will need years to come against the German peril.

Being exhorted to practice marksmanship, the boys are gaining much skill knocking off fruit from their neighbors trees.

When Russia was ready to fight, the rest of the allies were not; when the rest of the allies were ready, Russia is not.

It's about time to make some of these spies feel at home by treating them the way spies are treated in Germany.

At last accounts the Canadians were successfully looking through Lens.

HOOVER'S BRIGHT AX.

(Philadelphia Record.)

If Food Administrator Hoover can save the American consumers of sugar \$30,000,000 during the remaining four months of 1917, by securing a reduction in the price by the best sugar producers, he will by this single act have more than amply justified the long struggle to secure the passage of the food control bill, which has made such action possible. Sugar is an article whose prices can readily be manipulated, and when this is done in the interest of the public rather than of the producers and speculators the achievement is a notable one. If it can be continued and the price be kept at reasonable figures a longstanding cause of irritation will be removed.

There are comparatively few refineries in this country, and it is easy to follow the output of sugar from these through jobbers and wholesale and retail grocers into the hands of the consumer. The cost of production is known exactly, and it thus becomes a simple matter to learn whether the prices asked are reasonable or not. Mr. Hoover and the beet sugar men have agreed that recent figures have been unjustifiably high, and so a cut of one and a half cents on the pound is to be made. Praise be to Herbert C. Hoover of California, London, Belgium and Washington, well beloved by the housewife and hated by "Jim" Reed and other senators from beyond the Mississippi! Let him keep up the good work. After a while Americans may again know what it means to live without having to pay extortionate prices for everything that makes up the family meal.

ONE MAN IN FIVE.

(New York Sun.)

The reorganization of the present military forces of the United States on September 1 will give Uncle Sam an army of 1,107,000.

Add to this one man in five from the men registered on June 5, 1917. We say one man in five because out of 1,796 men so far examined in New York City 22 per cent have not merely passed physical examination but have indicated no claim for exemption or discharge.

No doubt the selection throughout the country will finally enroll at least one man in four in the national army. But let us stick to the ratio of one man in five.

There are 9,500,000 registered men, and one man in five will supply ultimately 1,900,000 soldiers.

These added to the 1,107,000 men in the United States army on September 1, 1917, will give us a total of 3,007,000 American soldiers.

The British forces in France total something over 2,200,000 men.

One man in five is not necessarily a discouraging ratio, except, possibly, to Germany.

NAVY LEAGUE CONVICTED.

(New York World.)

The best possible answer to the slanderous attack made upon the navy league a few days ago by the Navy League is presented in the report of the official investigators into the Mare Island powder-magazine explosion.

When the Navy League published the statement, on the authority of an unknown person, that the investigation had been hampered or prevented because of the influence exerted by powerful labor interests, in effect its accusation was directed against officers of the navy. Its purpose was to prejudice public opinion against Secretary Daniels. The ugly charge that it fathered is pointedly denied by Commander Mark St. C. Ellis, inspector of ordnance at Mare Island, and by the bureau of ordnance and navigation and the judge advocate general of the navy.

In the management of the Navy League it has publicly apologized for the action of its officers and relieve them of further responsibility for the use of its name.

SUBMARINE CAMPAIGN.

(The New Republic.)

Submarine losses are declining at a very gratifying rate, according to the estimates made public by Lloyd George. For the last two months sinkings of British ships have been limited to 175,000 tons monthly. The British construction rate is 165,000 tons a month. The figures do not take account of the losses of British allies and of the neutrals who perform freight service for them. But such additional losses are easily made good by American construction, even at present rates. We may therefore feel quite confident that when both the British and the American shipyards have attained to their maximum capacity will steady increase, no matter what the submarine may do. The German policy of ruthlessness is thus once more proven futile.

And still over all the noises of civilization and war united, roars the silence of William Jennings Bryan.—Baltimore American.

The Latest Message.
It cannot be questioned that a considerable element in Russia favors separate and immediate peace, and in this element is Germany's hope of crushing defeat in the field, the loss of further territory and the further demoralization of the Russian armies.

might, perhaps, wreck the Kerensky government and give Germany's friends a chance. Such a peace might greatly prolong the war. It would make far more difficult that complete Allied victory to which the world looks for permanent peace. This is the menace of the latest German drive.—Cleveland Plain Dealer.

Chicago's Fit Young Men.

Foods and Cooks.
Nearly everything used for human food under ordinary conditions of plenty is good before it reaches the hands of the cook. Its value after that depends on the character and education of the cook. No doubt a considerable proportion of this raw food stuff is turned into poison, and more of it thrown into the discard because of its unattractive qualities. This waste is due almost wholly to lack of training in the art of preparing food.—Minneapolis Journal.

Compulsory Work.

The compulsory labor laws of West Virginia and Maryland deserves to be considered as something more than excerpts from the joke-book, or even as freaks of legislation, and something more than the paragraphs' quip-is their due. One of the anomalies of the times is that although the power of the state or the National government to compel a man to fight for it is generally recognized, the right of government to force a man to work for the public welfare is still denied. The right to strike, without interference even when employed on government work, is asserted. The right to loaf and enjoy unearned increment of the community, whether as a hobo or a gentleman of leisure by inheritance, is commonly practiced.—Philadelphia Bulletin.

A Significant Charge.

The trenches upon which the Germans relied, and of which they boasted loudly, have been buried under an avalanche of shells. Their bomb-proof dugouts have become mantraps in which they are killed like rats. They now are making their shell-hole dugouts with rear exits. That is the military policy of the groundhog who knows that he is not invincible and prepares for a get-away by making his den with two approaches, one designed to make his exit possible while the enemy is pushing through the other. The backdoors of the present German dugouts are of considerable significance. They reveal plainly enough a fundamental change in the military attitude.—Louisville Courier-Journal.

Mildred's Boudoir

For the October Bride.

The excited little bride-to-be often presents the appearance of a tired and pale and irritable woman on the day of her wedding. It is a common occurrence for the bride to hurry about and work so hard before the great day, that she quite loses her freshness and youthfulness. Shopping and calling engagements should be attended to several weeks before the day set for the wedding. More important than all of these is the rest which the bride must surely take if she would look her best on the happy day when she is to be joined to the man of her choice.

She may declare "I cannot sleep," she may be forgiven a natural wide-awake condition which almost precludes the possibility of a cosy nap. But at least she can shut herself away from the busy talk and in her own room have the quiet and seclusion which will benefit her.

Every Day Etiquette

"I have received the announcement of a wedding but am only acquainted with the groom. What is the proper thing for me to do?" asked Francis.

"Write the groom a letter congratulating him on his good fortune and wishing him many years happiness," replied her mother.

Miss Ethel Hall and Mr. Robert Deal, the marriage to take place some time in August. Those present were Miss Rosa Klaus, Viola Keck, Lura Harter, Clara Rodeniser, Anna Logan, Ruth Deal, Pearl Roe, Mabel Hall, Rada Gray, Hazel and Helen Hall, Frances Swerne and Mrs. Helen Paulson.

On Tuesday night, August 28, Miss Anna Logan gave a miscellaneous shower in honor of Miss Ethel Hall, a bride to be. Miss Hall received many beautiful but useful presents.

The evening was spent in games and music in which Miss Ruth Deal gave a few selections accompanied by Miss Anna Logan pianist. At a late hour a delicious luncheon was served to the following: Miss Lura Harter, Viola Keck, Rose Klaus, Clara Rodeniser, Mabel Ellis, Ruth Deal and Anna Logan.

In honor of Miss Lulu Amspoker, who will leave soon for Newark where she will be employed as teacher in the public schools, Miss Hazel Little of North Eighth street entertained fifteen friends informally on Tuesday evening. The evening was spent on the porch which was attractively decorated with Japanese lanterns. Games and contests were the diversions of the evening and the hostess served dainty refreshments.—Cambridge Jeffersonian.

Miss Amspoker is to teach in the Hartzler building this year, having the sixth and seventh grades.

Eighteen members of the Mansfield club are in the party.

Delicious sandwiches can be made of Jersey Pimento cheese for that afternoon tea, luncheon, or evening party. Ask your grocer for it. 8-30-44

Our Boys and Girls

Any little girl over seven years old may be taught to knit. Here is a simple direction for making a knitted sweater for dolly.

Use one hank of shetland wool and a pair of knitting needles about number five. Cast on 20 stitches for the back and knit 20 ribs. Then cast on 10 more stitches, knit across and cast on 10 at the opposite side, you have on the needle now 40 stitches which gives the width for sleeve-edge to sleeve-edge. When you have knit 10 ribs, the sleeves will be finished, up as far as the shoulder line. About 8 stitches may be round off for the back of the neck. You have knit 16 stitches, binding off 8 for the neck, and continue to knit across the remaining 16 stitches. Slip off the 16 stitches on the opposite side of the bound-off portion, on a big safety pin and fasten securely.

Take the empty needle and commence knitting where the end of your worked is, knit as far as the bound-off place and back twice, which will give you two ribs for the shoulder. Now cast on 6 stitches to make the front wide enough and knit across the 22 stitches for 10 ribs. Bind off under the sleeves for 10 stitches. This completes the sleeve. Cast on (for the sleeves) and then knit across and across straight down the front until the front is as long as the back. Finish the opposite front in the same way and sew up the underarm seams with a bit of worsted.

THOSE DRAFTED ARE 'LUCKY GUYS'

Veteran of Service Explains Joys of a Soldier's Life.

HE TALKS FROM EXPERIENCE

Says Healthy, Open Air Life of Army Camps Beats Living in a Crowded City and Working in an Office For Eight Hours a Day—Plenty of Time For All Sports.

"I'm drafted!" exclaimed the file clerk tragically.

"Drafted, hey?" replied the construction boss. "Gee, you're a lucky guy!" writes Arthur Walter Grahame of the Vigilantes.

"Lucky!" shouted the file clerk. "What's lucky about having to go in the army and perhaps getting shot? I don't see you running down to the recruiting office and enlisting."

"No," replied the construction boss a trifle sadly. "But if it wasn't for the wife and the three kids you would see me doing just that little thing."

"Say," he continued, "some of you young fellows make me tired. I served in the Spanish-American war, and it didn't kill me—it made me a better man in every way. Oh, yes, I know that the Spanish-American war wasn't much of a show compared to this one, but we heard a few shots fired at that."

"It isn't only getting shot that worries me," said the file clerk. "I don't want to go around saluting every officer I meet, just as if I wasn't as good as they are. Anyway, what fun will I have in the army?"

All Kinds of Fun.

"You'll have all kinds of fun—the kind of fun that is good for you," returned the construction boss, producing a sack of "makin's" and proceeding to roll a cigarette. "And as for saluting officers—that's a privilege."

"It shows that you are members of the same profession—brothers in arms. The officer is just as much bound to return the salute as you are to give it. And if you don't like being a private you can be an officer—if you are a good enough man. We need all the officers we can get. All you have to do is to prove that you have the stuff."

"Well, I don't want any of it," said the file clerk. "Little old New York is good enough for me."

"Yes, little old New York—eight hours a day in an office, a couple of hours in a movie theater or a bum cabaret in the evening, a trip to Coney Island on Sunday and all of \$10 a week. That's a fine life for a man, isn't it?"

"In the army you'll get up in the morning feeling like a real man. You'll go through a half hour of setting up exercises to take the kinks out of your muscles. By the time the bugle goes for breakfast you'll want it, and you'll get a real breakfast. Then you will start in on the work of the day. You'll drill, and you'll drill hard. You'll know what it means to sweat and you'll learn what a good drink water really is. You'll feel the old sun burning through your flannel shirt and you'll like it—like it almost as much as the shade of the trees along the dusty road when you fall out for a ten minute rest."

"Along about 10:30 you'll start thinking about dinner—they don't eat lunch in the army—and you'll think about it harder and harder until you get it. After dinner you'll get some more drill—they give you plenty to do—to learn to dig trenches, or to throw bombs, or to read maps, or to signal, or practice layout fighting, all of them real men's jobs. Then you'll get a chance to clean up for retreat, which comes along about sundown. That's the real class, dress up affair of the army day. You'll march out on to the parade ground and line up in regimental formation. Then the band will play 'The Star Spangled Banner,' and you will stand at attention while the flag comes down, and if you are a real American you'll feel a creepy sensation down your spine, and you'll be so darn proud of your uniform and of your regiment and of yourself that you'll almost bust the buttons off your shirt."

After That You Can Read.

"Then you'll eat again and clean up your rifle. After that you can read or write or sit around and swap stories or sing. Along about 9 o'clock you'll begin to get noddy, and by the time the windhammer blows taps you'll be ready to stretch out on your cot, and the next thing you know you'll be cussing the lander for blowing reveille in the middle of the night."

"You won't have much chance to practice the one step, but you'll get plenty of time for baseball and all the other games that make men. You'll get a chance to use your team too. The American army wants men who can think for themselves, not cattle that have to be driven along by their officers."

The file clerk seemed rather impressed, but he still had his doubts.

"All that's all right," he said, "but suppose I get sent to France?"

"If you get sent to France you'll be better than ever. You can help put Kaiser Bill back in his place and have a hand in the biggest game in the world. What more do you want?"

"That suppose I get killed?" objected the file clerk.

"Well, you've got to die some time anyhow," replied the construction boss. "Can you find a better way?"

The likely flea is light on its feet, but the firefly seems to be light all over.

TWO MORE ORDERED TO JOIN SERVICE.

The three last men to be considered out of the second group of 120 were disposed of today. The cases of Arthur E. Wilson, Allen Frederick Leslie and Ralph Brumback have been under investigation by the board for several days. All had filed claims for exemption the first two on dependency of a mother and the third on dependency of a wife.

Arthur E. Wilson who resides in Dewey avenue was refused an exemption and was entered for the service. Allen Leslie of 38 Cottage street was exempted. Ralph Brumback of Linden avenue was refused exemption and was entered in the service.

LIBERTY BONDS NEARLY READY FOR DISTRIBUTION

(Associated Press Telegram)
Washington, Aug. 30.—Nearly \$400,000,000 was paid into the treasury today in the final installment of the Liberty loan. Approximately \$1,615,000,000 already has been paid in, representing principal and interest on the Liberty bonds.

Today's payment completes the financial transaction with the issue of the bonds and it is thought likely that the bonds themselves will be ready for distribution within a short time.

PLUMBERS STRIKE AT CHILLICOTHE.

(Associated Press Telegram)
Chillicothe, Aug. 30.—Five hundred and seventy-five plumbers employed in putting in drains and improving sewage conditions generally at Camp Sherman here, where Ohio army recruits are being trained, went on strike here this afternoon. The men want 75 cents per hour. They have been getting 62 1/2 cents Army officials in charge say that as the men signed an agreement for the 42 1/2 cent rate before they were employed, the increase will not be granted.

MOVIE ACTOR IS EXEMPTED.

(Associated Press Telegram)
Chicago, Aug. 30.—Bryant Washburn, the motion picture actor, was exempted from military service because of dependency of his mother, the fact that Major B. M. Chipperfield, who represented the provost marshal general in Chicago, had advised the local board to deny Washburn's claim. Washburn is married and has a child. He admitted that he was earning \$200 a week and had a bank account.

SHADE TREES EATEN BY WALNUT DATANA.

By spraying with arsenate of lead or by destroying the clusters of caterpillars that feed ravenously upon the leaves, shade trees may be saved from attacks of this walnut datana. Walnut datana, a pest of shade trees, butts, willow and apple trees are also attacked by the insect.

The caterpillars hatch from eggs laid about the first of August and feed till late September, when they change to the pupal form and thus pass the winter underground. The full-grown worms are jet-black with fuzzy, dirty hair and are about two inches long.

Valuable trees may be saved from their ravages if sprayed as soon as the small worms appear and later as necessary. Three to five pounds of arsenate of lead paste, or half as much powder, in 50 gallons of water is recommended by the Ohio Agricultural Experiment Station.

These worms always feed in clusters and can often be collected and destroyed. If left undisturbed, they may strip a tree of its leaves. Such an occurrence in several seasons will cause the tree to die. Individual trees are more often attacked than those in groves.

Several times during the life of the caterpillar it sheds its skin. All the worms collect in a mass for this change of clothes, often low on the trunk of the tree. Crushing, scalding with hot water or burning these masses is an effective means of control.

CORN ALONE INFERIOR FEED FOR YOUNG PIGS.

When fed alone to young pigs, corn produces relatively slow gains at a high feed cost. Supplemental protein feeds will make faster gains at a lower feed requirement per unit of gain.

Five pigs weighing 79 pounds and fed only corn for 15 weeks at the Ohio Experiment Station gained but seven eighths of a pound daily. A lot fed nine parts of corn and one part of tankage gained almost 29 per cent less feed for a pound of gain. Another lot fed equal parts by weight of corn and skim milk gained nearly as much as those fed corn and tankage. Pigs fed corn alone actually ate less corn than those fed this grain alone with a protein supplement.

While corn is the chief feed for fattening hogs, it is deficient in protein and mineral matter necessary for growing animals. A feed rich in protein and minerals when fed with corn is therefore highly beneficial.

ACID PHOSPHATE BEST PHOSPHORUS CARRIER

Acid phosphate has proved the most profitable carrier of phosphorus in tests made at the Ohio Agricultural Experiment Station. A 20-acre average net gain of \$11.75 per rotation was realized from a complete fertilizer carrying phosphorus in acid phosphate in a five-year rotation of corn, oats, wheat, clover and timothy at Wooster, Ohio.

When a similar fertilizer was gained when a similar fertilizer was used except that bone meal furnished the phosphorus. Where bone meal was the phosphate carrier, a net gain of \$4.92 resulted from the fertilizer for each rotation.

In a similar test conducted for 19 years at Strongsville acid phosphate showed a like superiority over bone meal or basic slag.

PETAINE AWARDED GRAND CROSS BY PRES. POINCARÉ

(ASSOCIATED PRESS TELEGRAM)

Verdun, Aug. 25.—(Delayed.)—President Poincaré personally presented today to General Petain, the French commander-in-chief, the grand cross of the legion of honor awarded to him several days ago for the recent successes here. The presentation was made in the Place d'Armes. In his presentation address the president said:

"Our enemies try in vain to disfigure history and spread among neutrals fables made to order. They try desperately to shake off the responsibilities that crush them. In vain do the false news mongers, established in imperial cities, spread clouds of black smoke for a propitious wind to blow across the frontiers. These are dissipated one after the other by the rays of truth."

Countdown SUNDAY SCHOOL CONFERENCE

A conference for the benefit of township and county officers of the Licking County Sunday School Association will be held on Saturday, September 8th at the First Presbyterian church, Newark. This conference will be conducted by Mr. Arthur T. Arnold, state secretary of Columbus. The Standards for Standard Schools Front Line Township and Front Line County will be discussed and explained, and also many other helpful suggestions will be offered. Any township or county officer who wants advice along the line of work should ask for information. A report of the state convention will be given.

A conference for secondary officers and all those interested in that department will also be held and will be conducted by Mr. Burr Blackburn, state superintendent of boys' and girls' conference. Mrs. Kirk, county president of Girls' Conference, requests that all township secondary superintendents attend this meeting. If impossible for them to be present try and send some one else who is interested in that work.

Time for morning session, 9.30; for afternoon session, 1.30. Invitations have been sent out to all township and county officers and all are urged to be present for the day. An invitation is also extended to all others who are interested. Nellie J. Wygant, County Secretary.

PRESIDENT FIXES GOVERNMENT PRICE NEWS-PRINT PAPER

(ASSOCIATED PRESS TELEGRAM)

Washington, Aug. 30.—In an order which newspaper publishers declare will serve as an important precedent, President Wilson has fixed a price of 2-1/2 cents on news-print paper for use in publishing the government's daily Official Bulletin.

The order fixing the price was issued by Secretary Baker, at the president's direction under the national defense act, which empowers the government to commandeer supplies needed for war purposes. It was directed to the International Paper company, which had declined to furnish news-print for the bulletin at less than 3 cents a pound.

Newspaper publishers who learned of the order today voiced the hope that it might open the way for cheaper news-print to publishers generally.

The president's action was taken at the instance of the joint congressional committee on printing, of which Senator Fletcher is chairman.

DETECTIVES GUARD

MAMMOTH WAR TOMATO

Mr. Desautel B. Kirk, in his peregrinations about town, and when he is at his home south of the city, is constantly guarded these days and nights by seven detectives, each equipped with an automobile detector, a bull dog and six sets of handcuffs. Mr. Kirk is in constant fear that a tomato, grown by him in his garden, and which he carries with him to exhibit to wondering friends, may be stolen from him. Hence his detective squad. The tomato weighs something less than 48 pounds and its circumference is about two inches more than the length of a string. A daring but unsuccessful attempt was made by two local characters Wednesday noon to steal the tomato while Mr. Kirk was lunching in a restaurant, but he succeeded in retaining the vegetable, which took the grand prize for tomatoes at the state fair. Mr. Kirk proposes to present to the Smithsonian institution at Washington the tomato which was measured, and has purchased a mahogany garden-hose reel to wind it on.—Mt. Vernon Republican-News.

U-BOATS NOT ACTIVE.

Paris, Aug. 30.—Out of the 920 ships which entered and the 1,013 which cleared from French ports during the week ending August 26, three ships of more than 1,500 tons and one vessel of less than 1,500 tons were sunk by submarines. Four vessels were attacked unsuccessfully by submarines in the same period.

25 Years Ago

(From Advocate, Aug. 30, 1892.)
Rev. Holiday, Clokey and Rogers of Zanesville, were in the city today to bid Rev. J. W. Walden good-bye. Rev. Walden has been the pastor of the Second Presbyterian church here but now goes to New Orleans.

Miss Rebekah Jefferson and niece Miss Bessie Jefferson, have gone to Baltimore, Md., where they will make their future home.

Wm. H. Mazey, Ben Jones, W. H. Dalton and I. M. Pierson left today for Marion, to attend the State convention of the Y. M. C. A.

The senior class of the Newark high school under the leadership of Professor Sam Swartz visited Denison University Wednesday, for the purpose of inspecting the laboratory.

15 YEARS AGO.

(From Advocate, Aug. 30, 1902.)
Charles Bieherbach, of this city, died last night at Columbus. He was a well known B. & O. engineer.

Misses Katie and Alice Kelly of Cleveland, are visiting their grandfather, John Doyle of West Church street.

President Pierce of Gambier will be the guest of Mrs. Martha Wright, over Sunday.

There will be fireworks at Idlewild Park Labor day and night.

U. B. Long, the veteran mail transfer driver, is laid up with a sprained ankle.

Miss Mary McCully returned on Friday to Dayton, after a week's visit with Miss Corinne Metz.

Lincoln J. Carter's new play "Alaska" is at the Auditorium tonight.

The World War a Year Ago Today—Aug. 30.

Field Marshal von Hindenburg appointed German chief of staff. Roumanians forced three mountain passes into Hungary and occupied Kronstadt, north of Vulcan pass and an industrial center. Greek revolutionists proclaimed a provisional pro-ally government at Saloniki.

Two Years Ago Today.

Germans held the bridge head at Friedrichstadt; also captured Lipk, twenty miles from the fortress of Grodno.

Three Years Ago Today.

Von Kluck's German column reached Amiens, sixty miles from Paris.

FRED J. MOORE IS PROMOTED BY OHIO ELECTRIC

Fred J. Moore, superintendent of the three divisions of the Ohio Electric Railway company—entering Columbus, has been promoted to general superintendent of transportation of the entire Ohio Electric Railway system, and his headquarters will be at Springfield, O. Mr. Moore has been with the Ohio Electric Railway company since its organization in the various capacities of chief dispatcher, assistant superintendent and superintendent, and his promotion to general superintendent is a recognition of the capable manner in which he has handled the company's business as division superintendent. His many Newark friends will be glad to learn of his advancement.

LICENSE BOARD IS READY TO RECEIVE THE APPLICATIONS

The application period of saloon licenses, both renewal and original, begins September 1 and closes September 15. Applications not filed during this period must await action until after November 26. The license year beginning on the fourth Monday of November, 1917, is an intermediary period ending on the fourth Monday of May, 1918. As heretofore, the application fee will be \$5, but the amount sent to the state board will be only \$50. Attorney Ray Martin is president of the local board, and O. C. Larason, secretary, with offices on the sixth floor of the Trust building.

FOUND FLIVVER IN THE GARAGE

George W. Wharton of Howard, Knox county, came into town last Sunday and left his "flivver" (7).

Chief of Police Sheridan was excitedly called up from the Hotel Warden, Monday morning, and asked by the clerk to find the "car," as Mr. Wharton was anxious to leave for home.

After a three-day search of all garages, and after the streets had been "fine-tooth combed" the Ford was discovered at Oberfield's garage on Fifth street.

GOV. COX ADDRESSES STATE FAIR CROWD

(ASSOCIATED PRESS TELEGRAM)

Columbus, Aug. 30.—With probably the largest crowd of the week on the grounds, Governor James M. Cox spoke on "war, food and agriculture" at the Ohio State Fair today. After his speech in front of the grand stand at 12:30 the governor addressed the Grangers in the Columbus building.

Other features for the day are a meeting of the threshers of the state and a patron's reunion. A livestock parade was held at 11 o'clock.

The man who always says the right thing at the right time is generally a most accomplished liar.

Dr. H. M. ROWE, President of the American Automobile Association and President of the Automobile Club of Maryland, says: "I consider Adams Pepsin Gum a very efficient digestive agent and it is in general use in my family for that purpose."

JUST GOT OVER A COLD?

Look out for kidney troubles and
backache. Colds overtax the kid-
neys and often leave them weak.
For weak kidneys—well, read what
a Newark woman says:
Miss H. Duncan, 165 S. Second
St., says: "I had just recovered from
a severe cold, which settled in my
kidneys, causing them to become
disordered. My kidneys didn't act
as they should and caused me a lot
of distress. My back ached in a sort
of dull, nagging way. I was nervous
and had a tired feeling all the time.
As one of the family had used Doan's
Kidney Pills with good results, I
bought some from Evans' Cut Rate
Drug Store and began taking them.
In a short time, I noticed they were
doing me good and when I had fin-
ished the box, I was well and strong.
I have been in the best of health
since."

nesday evening, September 5. Every-
body invited.

Ordered Back to Camp.

Members of Company B, Military
Police, stationed at the fair grounds,
Columbus, who came to this city this
morning to solicit funds for the mes-
spot were ordered back to Colum-
bus by Chief of Police Sheridan.
He received orders to do this by the
acting-major of the company at the
camp.

Mr. and Mrs. A. J. Sanford, 251
Granville street, will leave Tuesday
in company with Miss Bonah Mac-
Millan to attend Moody Bible Insti-
tute in Chicago. Miss Sanford for
the past year has been with the
Mazey store.

Prayer Meeting.

The union cottage prayer meeting
will be held at the home of Mrs. Tillie
Shaw, Friday evening at 7:30.
Everybody invited.

Attending Fair.

Many defied the rain clouds which
threatened just before the noon
hour and many machine loads of
people left for Columbus to attend
the state fair. Today would have
broken all records for attendance if
the rain had not interfered.

Newark city, in Camp Sherman,
Chillicothe, O., will be 347, accord-
ing to official notice from the war
department that has just reached
this office. Newark city to furnish
186 men and the county outside of
Newark 156 men.

YACHT CLUB IS PREPARING FOR CLOSING EVENTS

The Buckeye Lake Yacht Club is
busy preparing for three big days
which will close the season and they
are expecting to make this the best
wind-up yet.

On Saturday night, Sept. 1, the
club will entertain with a dance at
the club house on Watkins Island at
8 o'clock.

Sunday is to be the big summer
outing with a dinner at noon, leav-
ing the club house at 10 o'clock for
some place which only the commit-
tee knows.

Monday will be the usual Labor
day program as follows:
9:00—Flag raising.
9:30—Pretory gun.
9:45—Starting gun for cat boat
race.

9:150—Boys' swimming race.

10:00—Power boat race "Bang
and go back."

10:30—"Chase the Duck" for
motor boats.

10:45—Pillow fight (marine.)

11:00—Canoe tilting contest.

11:30—2nd cat boat race.

12:00—Ladies' cat boat race.

2:30—Ladies' swimming race.

All races to be run according to
Inter-Lake Yachting Association
rules.

All boat owners are urged to car-
ry the club pennant forward or at
mast head, and ensign aft or at
peak.

The regatta committee reserves
the right to re-arrange, should
weather or water conditions make it
seem advisable.

The annual election of officers of
the Buckeye Lake Yacht Club will
be held Sept. 23.

For commodore two Columbus
men are on the ticket, Wm. M. Fri-
bie and J. A. Auld. For vice com-
modore, Guy A. Sackett of Colum-
bus and E. S. Browne of this city are
the candidates. Fred Goodwin of
Newark and Chas. Williams of Co-
lumbus are up for the position of
rear-commodore, and one candidate
is given for the secretary-treasurer-
ship, Charles F. Fast of Columbus.

There are six candidates for the
offices of governors, three of whom
will be elected, and on the ticket for
that office are two Newark men, J.
A. Flory and Harry Doane, also the
following Columbus men, Harry H.
Rounsevel, Fay Schneider, B. F.
Reinmund and Maurice H. Donahue.

FORTIETH REUNION OF 76TH INFANTRY HERE SEPT. 20TH

On September 13th, 1877 at the
club published in the county papers,
the members of the 76th Regiment
O. V. I. met in the court house park
at Newark being assembled by the
call of the drum corps and proceed-
ed in carriages to the "Old Fort,"
now called the Moundbuilders park,
and Fair grounds, and assembled in
Floral Hall, where the meeting was
called to order by their old colonel,
General Charles R. Woods in the
chair, and Major Charles D. Miller
was appointed secretary.

This was the first reunion of the
regiment, and they have met annual-
ly since. Captains John Hiser,
re-tiree and Joseph M. Scott as
chaplain and Color Sergeant John-
ston Haughey, secretary, were sever-
al years ago selected to fill their
offices for their life time. The pres-
ident, vice president and assistant
secretary are elected annually.

On Thursday, September 20, 1917,
the 40th annual reunion will be held
in Memorial Hall in the Licking
County Soldiers and Sailors Memorial
building at Newark. This date be-
ing the 54th anniversary of the bat-
tle of Chickamauga, Tennessee. Pres-
ident Marion Christman and Asst-
ant Secretary Cliff Rosebrough are
busy mailing to the surviving mem-
bers of this old regiment, who with
their families are scattered through-
out many states, the annual notice
of the date and meeting place for
the gathering this year. Their
friends and the public are invited to
meet with them.

SOLDIERS' MEDALS
Editor of The Advocate:—I received your most welcome letter and wish to extend my heartfelt thanks to you and the people of Newark and Licking county for the interest shown in me and for the bronze medal for which they so cheerfully contributed. It is a medal that everyone should be proud of and preserve. Thus far, all of the troops mobilized here at the fair grounds, I was the first to receive one of your medals, and I certainly appreciate the high honor and esteem in which the folks back home hold us boys. I am sending you some more names of Licking county boys who belong to the same regiment I do: Ira D. Varner, Charles Wills, Harvey Fry, of Licking county, Co. A, 7th regi-
ment, Zanesville. Yours truly,
Henry T. Devoll,
Zanesville, O.

Editor of The Advocate:—I received the medal and am very much pleased with it. I am surely very grateful both to The Advocate and the people of Newark for the kind-
ness they have shown. Yours truly,
Raymond D. Allison,
Private Co. B, 166th Infantry, Camp Perry, O.

PHOSPHATED MANURE WILL AID WHEAT CROP.
Manure reinforced with either acid phosphate or raw phosphate rock may be the only plant-food added to wheat following corn this year, according to specialists of the Ohio Agricultural Experiment Station. Increased crop yields have far more than paid for this fertilizer in experimental tests.

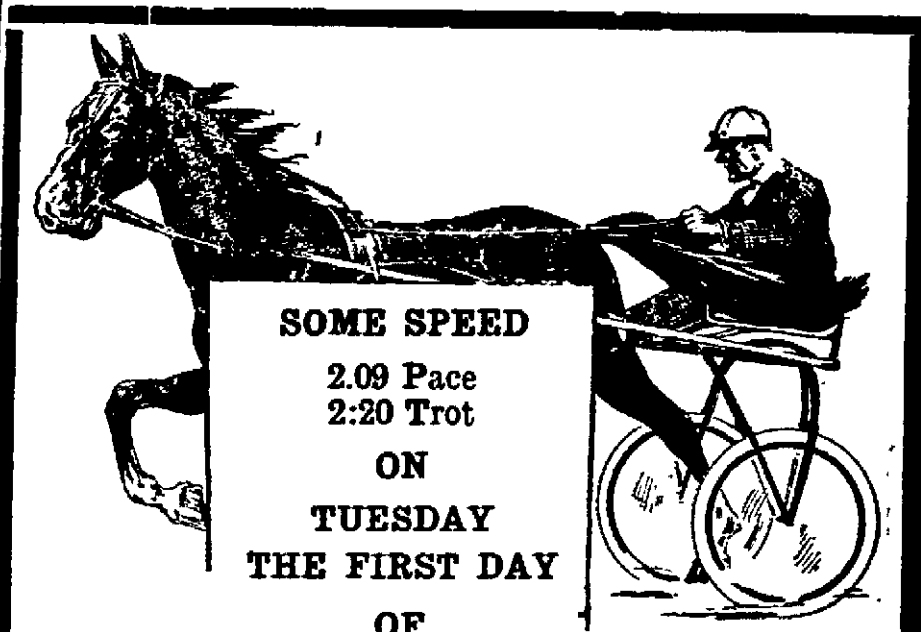

What seeding is hurried after the corn crop is cut in a three-year corn-wheat-clover rotation. After the wheat is seeded fertilizers may be added. A few tons of manure per acre may be applied if available. With it should be mixed raw phosphate rock or acid phosphate.

Manure alone has had a value of \$3.65 a ton in increasing crop yields in such a rotation at the Experiment Station for 17 years at Wooster. This value has risen to \$4.48 by the addition of 40 pounds of raw phosphate rock to each ton of manure, and to \$5.41 by the use of a like quantity of acid phosphate.

If raw phosphate rock is used, some decaying vegetable matter, such as manure, will make it more effective. The decomposition of the manure increases the availability of the phosphorus in the fertilizer.

JUST GOT OVER A COLD?

Look out for kidney troubles and
backache. Colds overtax the kid-
neys and often leave them weak.
For weak kidneys—well, read what
a Newark woman says:
"Mrs. H. Duncan, 165 S. Second
St., says: 'I had just recovered from
a severe cold, which settled in my
kidneys, causing them to become
disordered. My kidneys didn't act
as they should and caused me a lot
of distress. My back ached in a sort
of dull, nagging way. I was nervous
and had a tired feeling all the time.
As one of the family had used Doan's
Kidney Pills with good results, I
bought some from Evans' Cut Rate
Drug Store and began taking them.
In a short time, I noticed they were
doing me good and when I had fin-
ished the box, I was well and strong.
I have been in the best of health
since.'"

day from a two weeks' vacation with
family at Delaware, O. He will
preach both morning and evening at
the East Main Street M. E. church
on next Sunday.

Ordered Back to Camp.
Members of Company B, Military
Police, stationed at the fair grounds,
Columbus, who came to this city this
morning to solicit funds for the
messpot were ordered back to Co-
lumbus by Chief of Police Sheridan.
He received orders to do this by the
acting-major of the company at the
camp.

YACHT CLUB IS PREPARING FOR CLOSING EVENTS

The Buckeye Lake Yacht Club is
busy preparing for three big days
which will close the season and they
are expecting to make this the best
wind-up yet.

On Saturday night, Sept. 1, the
club will entertain with a dance at
the club house on Watkins Island at
8 o'clock.

Sunday is to be the big summer
outing with a dinner at noon, leav-
ing the club house at 10 o'clock for
some place which only the commit-
tee knows.

Monday will be the usual Labor
day program as follows:
9:00—Flag raising.
9:30—Preliminary gun.
9:45—Starting gun for cat boat
race.

9:150—Boys' swimming race.
10:00—Power boat race "Bang
and go back."
10:30—"Chase the Duck" for
motor boats.

10:45—Pillow fight (marine).
11:00—Canoe titling contest.
11:30—2nd cat boat race.
12:00—Ladies' cat boat race.
2:30—Ladies' swimming race.

All races to be run according to
Inter-Lake Yachting Association
rules.

All boat owners are urged to car-
ry the club pennant forward or at
mast head, and ensign aft or at
peak.

The regatta committee reserves
the right to re-arrange, should
weather or water conditions make it
seem advisable.

The annual election of officers of
the Buckeye Lake Yacht club will
be held Sept. 23.

For commodore two Columbus
men are on the ticket, Wm. M. Fris-
bie and J. A. Auld. For vice com-
modore, Guy A. Sackett of Colum-
bus and E. S. Browne of this city are
the candidates. Fred Goodwin of
Newark and Chas. Williams of Co-
lumbus are up for the position of
rear-commodore, and one candidate
is given for the secretary-treasurer-
ship, Charles F. East of Columbus.

There are six candidates for the
offices of governors, three of whom
will be elected, and on the ticket for
that office are two Newark men, J.
A. Flory and Harry Doane, also the
following Columbus men, Harry H.
Rounsevel, Fay Schneider, B. F.
Reinmund and Maurice H. Donahue.

FORTIETH REUNION OF 76TH INFANTRY HERE SEPT. 20TH

On September 13th, 1877 at the
call published in the county papers,
the members of the 76th Regiment
O. V. I. met in the court house park
at Newark being assembled by the
call of the drum corps and proceed-
ed in carriages to the "Old Fort,"
now called the Moundbuilders park,
and Fair grounds, and assembled in
Floral Hall, where the meeting was
called to order by their old colonel,
General Charles R. Woods in the
chair, and Major Charles D. Miller
was appointed secretary.

This was the first reunion of the
regiment, and they have met annu-
ally since. Captains John Hiser,
treasurer and Joseph M. Scott as
chaplain and Color Sergeant John-
ston Hargrave, secretary, were sever-
al years ago selected to fill their
offices for their life time. The pres-
ident, vice president and assistant
secretary are elected annually.

On Thursday, September 20, 1917,
the 40th annual reunion will be held
in Memorial Hall in the Licking
County Soldiers and Sailors Memori-
al building at Newark. This date be-
ing the 54th anniversary of the bat-
tle of Chickamauga, Tennessee. Pres-
ident Marion Chrissman and Asst-
sary Secretary Cliff Rosebrough are
busy mailing to the surviving mem-
bers of this old regiment, who with
their families are scattered through-
out many states, the annual notice
of the date and meeting place for
the gathering this year. Their
friends and the public are invited to
meet with them.

SOLDIERS' MEDALS

Editor of the Advocate:—I received your most welcome letter and wish to extend my heartfelt thanks to you and the people of Newark and Licking county for the interest shown in me and for the bronze medal for which they so cheerfully contributed. It is a medal that everyone should be proud of and preserve. Thus far, of all the troops mobilized here at the fair grounds, I was the first to receive one of your medals, and I certainly appreciate the high honor and esteem in which the folks back home hold us boys. I am sending you some more names of Licking county boys who belong to the same regiment I do: Ira D. Varner, Charles Wills, Harvey Fry, of Licking county, Co. A, 7th regiment, Zanesville. Yours truly,
Henry T. Devoll,
Zanesville, O.

Editor of the Advocate:—Received my medal today and I appreciate the kindness of the people of Licking county very much. We fellows are all feeling fine, but we sure do have appetites. I wish all the other fellows could have a medal. It makes them all wish they were from old Licking and makes us feel proud of our people. It is pretty hard to get me to army ways after always being used to having your own way, but you soon learn. We have splendid fellows here, of which you get along. I have been made first class already, of which I feel very proud. Thanking the command fund raising and hoping to bring back the medals from the battlefields of France, I am
Frank M. Brown,
Johnstown, O.

Editor of the Advocate:—It gives me great pleasure to be able to send most thanks for the people of Licking county have freely presented to me. Now I am one of the proudest boys of the regiment, and there is to be a lot more just like me because it

is certainly a very beautiful gift and I shall do my best to live up to it. We are now one of the largest regiments in camp and our company is the largest of the Fourth regiment, or as we are known now as the 166th U. S. Infantry. The boys are all well and hearty and I think you will get a letter of thanks from every one of them who receives a badge. Again thanking you and the people of Licking county for the grand gift of a medal, I remain, Howard L. Grandstaff,
166th U. S. Infantry, Camp Perry, O.

Editor of The Advocate:—I received the medal and am very much pleased with it. I am sure very grateful both to The Advocate and the people of Newark for the kindness they have shown. Yours truly,
Raymond D. Allison,
Private Co. B, 166th Infantry, Camp Perry, O.

PHOSPHATED MANURE WILL AID WHEAT CROP.

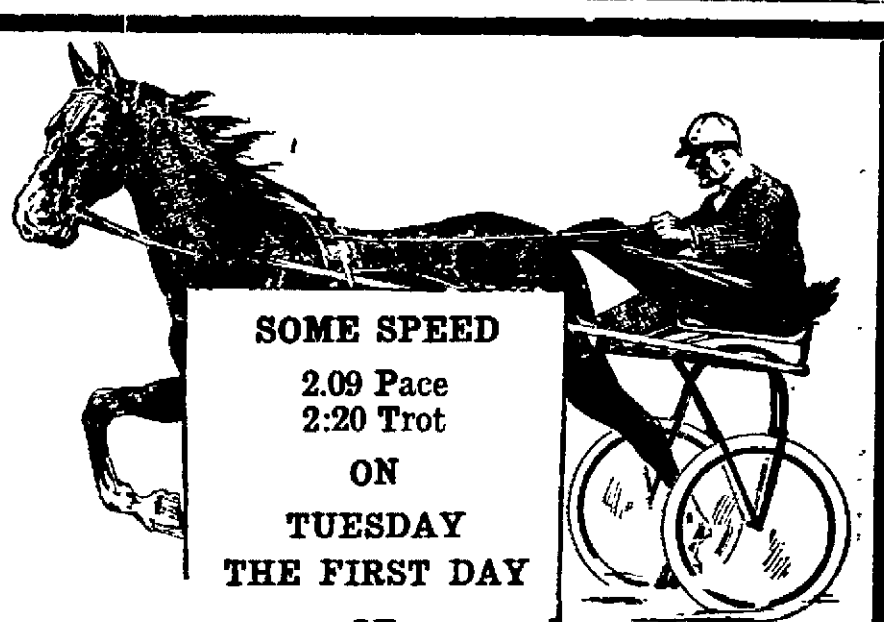

Manure reinforced with either acid phosphate or raw phosphate rock may be the only plant food added to wheat following corn this year, according to specialists of the Ohio Agricultural Experiment Station. Increased crop yields have far more than paid for this fertilizer in experimental tests.

Wheat seeding is hurried after the corn crop is out in a three-year crop-rot-plant-rotation. After the wheat is seeded fertilizers may be applied. A few tons of manure per acre may be applied if available. With it should be mixed raw phosphate rock or acid phosphate.

Manure alone has had a value of \$3.45 a ton in increasing crop yields in such a rotation at the Experiment Station for 17 years at Wooster. This value has risen to \$4.48 by the addition of 40 pounds of raw phosphate rock to each ton of manure, and to \$5.41 by the use of a like quantity of acid phosphate.

If raw phosphate rock is used, some decaying vegetable matter, such as manure, will make it more effective. The decomposition of the manure increases the availability of the phosphorus in the fertilizer.

COAL OPERATORS ARE DIVIDED ON FEDERAL CONTROL

(Associated Press Telegram) Washington, Aug. 30. — Federal control of the country's coal industry was again today the subject of discussion by the directors of the national coal headquarters with prospects that an announcement as to whether President Wilson's price scale will be accepted without protest would be forthcoming before the day is over.

The operators are divided into two groups, one counseling acceptance of the government-fixed price, and the other urging that the case be taken to the courts. The efforts of the first group are being directed toward winning the others over to its side.

Reel Meant. The scene showed a miser counting his money and refusing to give his wife enough to buy supper. That man is certainly stingy, remarked a girl to her father. Yes, he replied; he couldn't lose his step without missing it.—Film Fun.

Buy Muslin and Knit Underwear For Next Year

HERE ARE THE LAST CALL PRICES OF THE SEASON

You will not begin to buy such garments at these prices next summer—one of the best investments you could make would be to lay in a good supply of Muslin and Knit Underwear for next summer. We would much rather sell these garments at these prices than to carry them over as we need the room for winter goods.

FIFTY-FOUR MEN FAILED IN THE PHYSICAL TEST

Out of 240 men examined on the third call issued by the local draft board in an effort to secure the quota required from Newark, 54 were found to be physically unfit and 1 was an alien.

This alone without consideration of any kind for exemption pulls down the list to below 200, and the exemptions filed have been numerous and varied. The affidavits of Ralph Eimbach, held from the second call have been filed and Mrs. Brumbach was personally called before the board members Thursday morning.

Ten men will be Newark's five percent, the first to report at the Chillicothe camp. While the local board has received no official notification as to the exact day, nor the official way in which the first ten men are to be selected, an announcement has been made in Columbus that on Friday, September 7, Licking county and Newark conscripts will entrain with Monroe, Noble, Belmont, Ashland, Guernsey, Muskingum and Richland counties over a special B. and O. train. On the same day Jefferson, Harrison, Carroll, Tuscarawas and Coshocton over a Pennsylvania; Columbiana, Stark, Canton, Wayne, Mahoning, Youngstown, Trumbull, Portage, Summit, Akron, Medina, Holmes and Knox over two special Cleveland, Akron and Columbus trains. Five alternates will also be named to hold themselves in readiness.

The local board will take up the matter of settling and considering the exemptions of the last 240 men examined and the names will soon be announced.

The list of those found to be physically unfit for army service is appended:

Livewood Howard Pettitt, William Francis Sigler, James M. Kidd, Jerry W. Baker, Max Bradley Norpell, William Benjamin McMurry, Earl Newton Baugher, William Franklin Layton, John Emil Oberfield, Albert Hires Sikes, E. Sampson Nichols, Paul Ecken Hawkins, James William Phillips, Alonzo E. Hull, Perli Traikn, Louis Napoleon Plaine, Thomas A. Floyd, George Ray De-witt, James Sylvester Willison, Ernst Frederick Thoma, Charles Patterson, William Ethel Her, Raymond Alva Strong, Andrew Klaus, Emil Alfred Siegel, John Biepus, Alvin Otto Feaster, Frank Oberfield, Fred E. Ryan, James Anson Leslie, George Edward Miller, Orville Lysses Redman, Alphonse John Welch, Lyman Beecher, William Elmer Priest, Burr Fletcher, Raymond William Kilworth, Harry Walter Laine, Sanford B. Hahn, David Samuel Raisin, Paul Queen, Frederick William Butler, James William Yanke, Ellsworth Holmes, Harold Trevlyn Aumiller, George Wood Jones, Thomas John Flinn, Emory Neal Vance, Arthur Wallace Keller, John Roland VanAtta, Clarence Snyder, Wilford Andrew Mulligan, Lewis Sulo (alien), Asa Orion McAnnis, William Roy Carpenter.

On physical disqualifications just 54 men were excused from the service. The list contains one alien excused on account of his allegiance to a foreign power, making the total list of physically disqualified just 54.

Nora Is Willing. Nora has been guilty, what was considered an indiscretion, so the mistress of the house had her on the carpet.

If such a thing occurs again, Nora, said the lady, I shall have to get an other servant.

Whereupon Nora, with a grin, responded: I wish you would, mum—there's easily enough work for two of us!—Everybody's Magazine.

PRESENTED WITH GIFTS PREVIOUS TO LEAVING THE CITY

Mr. and Mrs. Frank Espy, who are to leave Newark to make New York their home, were remembered by the employees of the Ohio Light and Power company, yesterday by being presented with gifts. Mr. Espy left last night for New York where he will assume the duties of assistant to senior vice president, George N. Tidd, accompanied by E. T. Wagenhals, who will be general manager here in Mr. Espy's place.

A dinner was to have been given for Mr. and Mrs. Espy Saturday, but word was received that he should go to New York immediately, and yesterday noon, E. T. Hollingsworth, in behalf of the employees of the centers of distribution, comprising Newark, Mt. Vernon, Fredericktown, Lancaster, Logan, New Lexington, Tiffin, Fostoria and Fremont, presented Mr. and Mrs. Espy with a beautiful Sheffield dinner set, composed of five silver platters and a walrus traveling bag.

Both Mr. and Mrs. Espy responded in a gracious manner and thanked the employees for their lovely gifts.
